

February 2-13, 2027

August 2-13, 2027

Serendipity Wildlife Foundation
CSIwildlife.org

Serendipity Wildlife Foundation is conducting a WILDLIFE EDUCATION TOUR in 2027 visiting various locations in Kenya. This tour is intended for college/university students that are presently studying wildlife or those that have an interest in wildlife and want field experience.

Experience the wild and learn about Kenya wildlife from wildlife experts, researchers, experts, and conservationists in a small group of 6 people in a Vehicle, window seat guaranteed with a maximum of ten team members per month.

Applications are now being accepted, and those interested should read the eligibility requirements before applying.

ELIGIBILITY

Participants should be at least 18 years of age on the day of travel. Team members should be studying or have studied wildlife or conservation related subjects in college/university and have a positive attitude with an understanding and respect for other cultures. **The ideal candidate will be someone who can learn from this program and take back the experience to actively benefit his/her community and his/herself. The Wildlife Educational Tour is a hands-on and learning experience in Kenyan wildlife.**

REQUIREMENTS

- Be able to travel in a 4WD vehicle for several hours each day while travelling over rough terrain.
- Be able to speak and write in English. Report/data writing in English is mandatory.
- Have a valid passport which expires more than 6 months after your arrival in Kenya. The passport should have at least three blank pages.
- Be able to stand and sit for long hours, squat, sometimes walk for at least 2km at one time, climb on to the roof of your patrol vehicle, lift 30lbs if needed, and work in different weather conditions.
- Be a team player and be able to work together with the rest of your international team.
- Participate in online training prior to departure.
- Be able to pay the deposit within **10 days** of selection.
- Understand that you are a visitor in another country and respect their culture.
- Complete online assignments in a timely manner.

YOU WILL....

- Receive training on the most up-to-date identification methods
- Receive identification exercises online of actual observations from the field, of which you will be required to participate in 80% of the assignments online
- Participate in group exercises while in Kenya, which could include VHF tracking
- Gain hands-on experience working with a thermal camera, infrared camera, and trap cameras
- Learn about animal behavior in the wild
- Meet experienced wildlife personnel who are presently working in the wild
- Learn to write observation reports in the field, including ethograms
- Learn basic animal tracking and identifying paw prints
- Learn to work as a team, with assigned duties and responsibilities, **IRRESPECTIVE OF WORK EXPERIENCE IN OTHER PROGRAMS OR EMPLOYMENT EXPERIENCE**
- Learn about the competition in the wild, and the hierarchy among different species

- Learn about the operations of a successful wildlife conservancy, and how they are different to national parks and reserves
- Learn and adhere to the strict protocol, Standard Operational Procedures when certain wild animals are observed on patrol
- Learn the behavioral patterns of predator and prey, and be able to successfully identify the majority of the mammals that are seen inside the conservancies and national parks.
- Learn ethical wildlife conservation practices

Prior experience is NOT DESIRED to participate

HIGHLIGHTS

- Game drives in the Masai Mara
- Game drive in Nairobi National Park – the only national park in the world that is in a capital city
- Visit the Giraffe Center in Nairobi and interact with the endangered Rothschild giraffes
- Boat ride on Lake Naivasha and photograph the bird life and the hippos
- Walking tour on Crescent Island where the movie “Out of Africa” was filmed. This is an opportunity to photograph herbivores while on foot
- Visit a traditional Samburu village and interact with the Samburu people
- Learn about raptors, and dealing with human-wildlife conflict with the Peregrine Fund
- Visit a Conservancy and observe/photograph wildlife with a qualified naturalist/conservationist

This is an educational tour where you will learn about wildlife, experience the wilds of Kenya, and participate in practical exercises in the wild.

WILDLIFE YOU MAY OBSERVE

Elephants*	Lions*	Leopards	Cheetahs*
Warthogs*	Rothschild Giraffes*	Masai giraffes*	Buffalos*
Hippos*	Spotted Hyenas*	Striped Hyenas	Grant gazelle*
Waterbuck*	Ostrich	Serval	Colobus monkey
Black Faced Vervet Monkey	Bushbaby	Bat eared fox	Slender mongoose
Banded mongoose	Dwarf mongoose	Honey Badger	African Hare
Impalas*	Dik-diks*	Crocodiles	Jackals*
Thomsons Gazelle*	Black Rhinos*	White Rhinos*	Baboons*
Tree Hyrax	Rock Hyrax	Grevy’s Zebras	Common Zebras*
Gerenuk	Topi*	Cokes Heart beasts	Eland*
Oryx*	Lesser Kudu	Greater Kudu	African Civet
Genet	Wild dogs	Aardvark	Porcupines
Grants Gazelle	Caracal	Steinbok	Dung beetle
Scorpion	Leopard tortoise	Chameleons	Gerenuk

NOTE: While we have experienced personnel and guides, we offer no guarantees that you will see the above, as it is unknown WHAT you will see during exploration. There is a strong possibility of observing animals marked with a () one or more times.*

We have not included the over 300 species of birds that can be discovered in Kenya.

WHAT WILL TEAM MEMBERS BE DOING?

Your day could start as early as 6 am. After an early breakfast, on some days, you will depart for the field to search for wildlife. We will return to camp for lunch, or remain in the field until early evening.

Field visits will include tracking, identifying, and observing wildlife, documentation on behavioral patterns, setting up trap cameras, working and learning from wildlife experts, and reviewing photographs.

Team members are welcome to take as many photographs they want for their personal use. Evenings (after sunset) will be spent at leisure, where you will have the opportunity to relax, communicate with family at home, make phone calls or update your personal diary. Report

writing, documentation, and downloading images from the trap camera is also mandatory at this time. Wi-fi is available at some of the camps.

Every day in the bush is different, and you never know what you will come across or what will happen. There will be certain days that we can be trying hard to locate a certain species and There could also be a day where we could find a different endangered species that needs to be photographed and documented. We are dependent on game guard reports, guide reports, visitor reports, trap cameras, and patrol observations.

ENTRY REQUIREMENTS INTO KENYA

Entry requirements to countries around the world keep changing, and at the time of writing, the following applies. You are responsible to monitor updates on international travel, especially from the country you will be travelling from, and travel into Kenya.

Presently, there are no mandatory vaccinations to enter Kenya. However, we do request that you take your tetanus shot prior to arriving.

Participants are required to have a Yellow Fever vaccination certificate if they come from, or transit through a designated Yellow Fever country.

Your online visa application will cost between \$35 and \$40.

ACCOMMODATION

Your accommodation will vary, depending on your location. You could stay in an apartment (upon arrival in Nairobi), lodge, tented camp, large house, hotel, or field station.

Accommodation could be shared, a dormitory, or sometimes even a single room. Toilets will be flushing toilets and warm showers.

While meals will be prepared by kitchen staff, there could be a couple of times when participants will cook meals, specially if it is a BBQ. We do cater for vegetarian meals and Vegan meals, if we are notified well ahead of time.

TRANSPORT TO AND FROM NAIROBI AIRPORT (NBO)

Transport from Nairobi airport to the accommodation in Nairobi and back to the airport to depart is not covered, and you will have to arrange that with Uber. Uber is also the cheapest way to travel. Before arriving in Nairobi, download the Uber app onto your phone. Link your debit/credit card to the Uber app as payment will be made automatically, and there will be no need to have local currency and -13change money as soon as you arrive. The cost will be between \$9 and \$18, depending on what time of the day it is, demand, and if you take the expressway during rush hour.

Funding is almost non-existent for small non-profits to run a project such as the Wildlife Education Tour. The project is not a profit-making venture. Our expenses are for accommodation, permits, meals, ground transportation, operating 4X4 vehicles 10-13 hours a day, drivers pay and accommodation, diesel, equipment, vehicle maintenance, and other small logistical expenses. Unlike some organizations with paid office staff and management, our organization is volunteer-based, which saves us a lot of money. The amount we charge you goes 100% directly into expenses, but still does not cover the total cost per person. Thanks to donations and sponsorships, your payment is subsidized.

2027 FEBRUARY ITINERARY

FEBRUARY 2 (Tuesday)

Participants arrive in Nairobi, Kenya. You will Uber from Nairobi airport and arrive at our accommodation in Nairobi. Overnight in the Nairobi accommodation.

NOTE: Meals not provided.

FEBRUARY 3 (Wednesday)

After breakfast, participants will visit the Nairobi Natural History Museum. After the visit, you will be transported to a restaurant to have lunch. After lunch you will visit the Giraffe center to interact and learn about the endangered Rothschild Giraffe. Overnight in Nairobi.

MEALS: Continental breakfast. Lunch. Dinner.

FEBRUARY 4 (Thursday)

You will leave early in the morning for a game drive at Nairobi National Park. In addition to several animals, there is a very good chance of seeing rhinos. Evening at leisure. Overnight in Nairobi.

MEALS: Packed continental breakfast. Lunch. Dinner.

FEBRUARY 5 (Friday)

After an early breakfast, participants will leave for the Masai Mara. You will stop on the way for sightseeing, and if the weather is clear, we will stop at the Great Rift Valley for photography/viewing. You will arrive at your camp in time for a late lunch. Wildlife lecture in the evening on carnivores found in the Masai Mara. Overnight in the Masai Mara.

MEALS: Continental breakfast. Lunch. Dinner.

FEBRUARY 6 (Saturday)

Early Breakfast at camp. Depending on the weather, it could be a full day game drive in the Masai Mara or a morning game drive, returning to camp for lunch, and an evening game drive. If it is a full day at the Masai Mara, we will be taking a picnic lunch. Overnight in Masai Mara.

MEALS: Breakfast. Lunch. Dinner.

FEBRUARY 7 (Sunday)

After breakfast at camp, leave for Lake Naivasha.

We hope to arrive in Lake Naivasha for lunch. Overnight at Lake Naivasha.

MEALS: Breakfast. Lunch. Dinner

FEBRUARY 8 (Monday)

After breakfast at the camp/lodge, you will depart on a boat ride to observe hippos and many birds at the lake. The boat will dock at Crescent Island, and your guide will take you on an approximately one hour walking tour to observe the herbivores on the island. We will stop on the way for lunch, where you can purchase your meal (\$7-\$10) and order what you like at your own expense from different restaurants at the mall. Depart for Laikipia County around 11 am, arriving in time for dinner. Overnight at our Field Station in Laikipia, which will be your base for the next 5 days.

MEALS: Breakfast. Lunch on your own. Dinner.

FEBRUARY 9 (Tuesday)

After breakfast, you will leave for a game drive in Ol Misor Conservancy. A naturalist will guide you and provide information on the mammals and birds in the conservancy. You will learn how to set up trap cameras, and observing the protocols that go with it. We will return to the Research Center for lunch and a short rest, and continue our evening game drive around 3:45 pm. Dinner and overnight at the Field Station.

MEALS: Breakfast. Lunch. Dinner

FEBRUARY 10 (Wednesday)

After breakfast, the day will be spent with the Peregrine Fund learning about raptors. The instructors will also educate you on other predators that pose a threat for domestic animals in the village. Weather permitting, a BBQ in the brush is planned. Dinner and overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner

FEBRUARY 11 (Thursday)

After breakfast and a classroom session by the Peregrine Fund, you will visit a Samburu village and interact with its occupants. You will see how the villagers protect their goats, sheep, and cattle from predators, and possibly assist in building a 'Boma'. Dinner and overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner.

FEBRUARY 12 (Friday)

After breakfast, you will go on a morning game drive at Ol Misor Conservancy. You will check on the trap cameras that were set up on the 10th, and download the images. Lunch will be at the Field Station. We will return to Ol Misor for our final game drive in the evening. Dinner and Overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner.

FEBRUARY 13 (Saturday)

After breakfast at the Field Station, we will leave for Nairobi, arriving in the late afternoon/evening. If your flight is tonight, your departure from Nairobi should be after 9 pm. If your flight leaves the following day, you may stay overnight at the apartment in Nairobi (Cost: \$25).

2027 AUGUST ITINERARY

AUGUST 2 (Monday)

Participants arrive in Nairobi, Kenya. You will Uber from Nairobi airport and arrive at our accommodation in Nairobi. Overnight in the Nairobi accommodation.

NOTE: Meals not provided.

AUGUST 3 (Tuesday)

After breakfast, participants will visit the Nairobi Natural History Museum. After the visit, you will be transported to a mall to have lunch. After lunch you will visit the Giraffe center to interact and learn About the endangered Rothschild Giraffe. Overnight in Nairobi.

MEALS: Continental breakfast. Lunch. Dinner.

AUGUST 4 (Wednesday)

You will leave early in the morning for a game drive at Nairobi National Park. In addition to several animals, there is a very good chance of seeing rhinos. Evening at leisure. Overnight in Nairobi.

MEALS: Packed continental breakfast. Lunch. Dinner.

AUGUST 5 (Thursday)

After breakfast at camp, leave for Lake Naivasha.

We hope to arrive in Lake Naivasha for lunch. Overnight at Lake Naivasha.

MEALS: Breakfast. Lunch. Dinner

AUGUST 6 (Friday)

After breakfast at the camp/lodge, you will depart on a boat ride to observe hippos and many birds at the lake. The boat will dock at Crescent Island, and your guide will take you on an approximately one hour walking tour to observe the herbivores on the island.

Leave for Lake Nakuru and check-in at our hotel for lunch. Evening game drive at Lake Nakuru National Park. Dinner and overnight at your hotel.

MEALS: Breakfast. Lunch on your own. Dinner.

AUGUST 7 (Saturday)

Today will be a full day game drive at Lake Nakuru National Park. We will be looking for rhinos, as well as for endangered Rothschild giraffe. Picnic lunch in the park, and return to the hotel late afternoon. Dinner and overnight at the hotel.

MEALS: Breakfast. Lunch. Dinner.

AUGUST 8 (Sunday)

Depart for Laikipia County late morning, arriving in Laikipia late afternoon. Overnight at our Field Station in Laikipia, which will be your base for the next 5 days. Evening at leisure and For relaxation. Dinner and overnight at the field station.

MEALS: Breakfast. Lunch. Dinner.

AUGUST 9 (Monday)

After breakfast, you will leave for a game drive in Ol Misor Conservancy. A naturalist will guide you and provide information on the mammals and birds in the conservancy. You will learn how to set up trap cameras, and observing the protocols that go with it. We will return to the Research Center for lunch and a short rest, and continue our evening game drive around 3:45 pm. Dinner and overnight at the Field Station.

MEALS: Breakfast. Lunch. Dinner.

AUGUST 10 (Tuesday)

After breakfast, the day will be spent with the Peregrine Fund learning about raptors. The instructors will also educate you on other predators that pose a threat for domestic animals in the village. Weather permitting, a BBQ in the brush is planned. Dinner and overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner

AUGUST 11 (Wednesday)

After breakfast and a classroom session by the Peregrine Fund, you will visit a Samburu village and interact with its occupants. You will see how the villagers protect their goats, sheep, and cattle from predators, and possibly assist in building a 'Boma'. Dinner and overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner.

AUGUST 12 (Thursday)

After breakfast, you will go on a morning game drive at Ol Misor Conservancy. You will check on the trap cameras that were set up on the 10th, and download the images. Lunch will be at the Field Station. We will return to Ol Misor for our final game drive in the evening. Dinner and Overnight at the Field Station.

Meals: Breakfast. Lunch. Dinner.

AUGUST 13 (Friday)

After breakfast at the Field Station, we will leave for Nairobi, arriving in the late afternoon/evening. If your flight is tonight, your departure from Nairobi should be after 9 pm. If your flight leaves the following day, you may stay overnight at the apartment in Nairobi (Cost: \$25).

COST: \$2,390

There is no application deadline, and your application will be reviewed on a first-come-first-served basis. This means that once all the positions have been filled, we will not accept any new applications.

Serendipity Wildlife Foundation has the right to change the itinerary at any time due to operational, logistical, and safety reasons. Should the itinerary change, the foundation will schedule an alternate and suitable plan, when needed, or add extra activities to the itinerary.

WHAT IS INCLUDED

- Accommodation in a shared large tent/hotel/lodge (Rooms assigned by us)
- Breakfast, lunch, and dinner each day (Starting from dinner on the departure day from Nairobi to breakfast on the last day at camp) except where noted
- Complimentary tea and coffee at your accommodation in Laikipia
- Filtered/boiled drinking water
- Complimentary accommodation in Nairobi on arrival day
- Ground transportation in Kenya, and game drives/patrol in 4X4 safari vehicles
- All entrance fees, access fees, and taxes
- Ground transportation, boat ride, and game drives

WHAT IS NOT INCLUDED

Airfare from your departure city to Nairobi (NBO) and back

Snacks, soft drinks, beer/alcohol

Travel and medical insurance (mandatory)

Overnight stay in Nairobi before your flight back home, if needed

Covid tests, Yellow Fever vaccine, or other vaccinations for travel, if needed

Kenya visa (ranges from \$35 - \$40, and completed online)

COMPARISON OF FEBRUARY AND AUGUST ITINERARIES

ACTIVITY	FEBRUARY	AUGUST
Nairobi accommodation	Yes	Yes
Visit the Natural History Museum, Giraffe Center, Nairobi National Park	Yes	Yes
Lake Naivasha, Crescent Island, and boat ride	Yes	Yes
Lake Nakuru National Park	No	Yes
Masai Mara	Yes	No
Laikipia County	Yes	Yes
Birds of prey/raptors	Yes	Yes
Conservancy game drive	Yes	Yes
Visit Samburu village	Yes	Yes
Visit Samburu school	Yes	Yes
Human-wildlife conflict education	Yes	Yes
Peregrine Fund education	Yes	Yes
Conservationist/naturalist/guide	Yes	Yes
Extra night Nairobi accommodation for a fee, if needed	Yes	Yes

WIFI

While you will have access to free WIFI while in Nairobi, and possibly Naivasha, free internet access may not be available in Laikipia. We will only know about a month before arrival. We recommend that you purchase an international internet/phone plan prior to departing from your home country, or purchase a SIM card with a data plan from Safaricom after you arrive in Kenya.

PAYMENTS

You are responsible for any additional fees and bank charges incurred when making payments related to your trip.

SELECTION PROCESS

Once your application has been received, it will be reviewed by our selection committee. You will be notified via e-mail ONLY IF YOU HAVE BEEN SELECTED. This process could take from 3 Days to a week. If selected, a deposit of \$700 will be required within 10 days to secure your spot. Due to the large number of applications expected to be received, we will not be notifying the applicants that were not selected. **NOTE: The sooner you apply, the chance of you being selected for an interview is greater.**

ARRIVAL AND DEPARTURE PROCEDURES

Team members need to arrive at Nairobi (NBO) airport on their arrival date. We will arrange for ground transportation from the airport to our accommodation in Nairobi, where you will stay overnight with the rest of the team. This will give everyone a good night's sleep and be ready for the adventure ahead. Note: Meals will not be provided in Nairobi on the arrival date, and the group members will go out for dinner as a group. Cost is approximately \$10-\$12 for dinner.

We will depart Nairobi as early as possible to avoid morning rush hour traffic and to arrive at the Masai Mara for lunch.

On your return to Nairobi, please schedule your departure flight any time after 10 pm that night. You may also leave the following day and we can assist you in booking a room close to the airport for an added fee. If you stay overnight in Nairobi, please keep in mind that hotel check-out time in Nairobi is 10

FREQUENTLY ASKED QUESTIONS

IS A PAYMENT PLAN AVAILABLE?

Yes, a monthly payment plan is available after your initial registration deposit of \$700 has been paid.

I APPLIED, SO HOW DO I KNOW THAT I HAVE BEEN SELECTED?

We receive many applications. After your application has been received and reviewed by our selection committee, and you are selected, we will send you an e-mail within a couple of days that you have been selected for an interview, or been added to the waitlist.

WILL A FRIEND OR MY FAMILY BE ABLE TO JOIN ME?

Friends and family will not be able to join you on the team unless they have been selected for the project.

WILL I BE ABLE TO GO ON SAFARI?

You will be on game drives on many days of your stay, and experiencing different eco-systems and terrain that Kenya has to offer.

WHAT TYPE OF TRANSPORT DO WE HAVE FOR OUR STAY?

We use 7-seater 4WD customized Toyota Landcruiser's with comfortable forward-facing seating and an open roof hatch. These vehicles are comfortable to sit in for long stationary observations, travel, and even for a quick siesta, if needed!

HOW MUCH SPENDING MONEY DO I NEED?

Since everything is included in your stay, you will only need money for any required snacks, extra drinks, any meals on the day of arrival, any meals after you have been dropped off in Nairobi, purchase of souvenirs, and any extra meals or treats that you want to purchase from roadside stores or restaurants. You are also required to tip your Driver-Guides who work countless hours alongside you each day, and the camp staff.

WHAT TYPE OF CLOTHING DO I NEED TO BRING?

Mornings and late evenings will be cool/cold, while afternoons will be warm. We will send you a clothing and travel checklist if you are selected.

WHAT AIRLINES DO YOU RECOMMEND FOR TRAVEL TO NAIROBI?

From the US, the three major Middle East airlines connect you to Nairobi with a stopover in the Middle East. European and US carriers will connect you through Europe, which is a slightly shorter flight. Kenya Airways also has a direct flight from New York to Nairobi. From South Asia and other parts of Asia, flying through the Middle East is the shortest route. Sometimes, cheaper flights can be purchased flying via India. With all flights, be aware of those cheap flights that offer you a short transit time where you have to connect from one flight to another. If there are delays in your first flight, you will miss the second flight, which will result in missing your transportation from Nairobi to Ol Pejeta and having to pay for a 4.5-hour taxi ride.

WHAT TYPE OF SHOTS DO I NEED?

Kenya requires no mandatory shots to enter the country, unless you are arriving or travelling through a Yellow Fever designated country. Since everyone's health is different, we advise you to contact your doctor and seek advice several months before travel.

WILL I BE ABLE TO TAKE PHOTOGRAPHS WITH MY PERSONAL CAMERA?

We encourage you to bring along your personal camera and take as many photographs for your personal use provided you have fulfilled your Cheetah project responsibilities first.

WILL I BE ABLE TO BRING A DRONE?

No, drones are not permitted in Kenya unless a permit is issued.

HOW MANY BAGS AM I PERMITTED TO BRING?

One soft suitcase and one cabin bag. A back pack is useful when you go out for the day, so we encourage bringing a backpack as your cabin bag. Sometimes, as we have equipment to be transported to Nairobi and back, we may request you to carry a trap camera or other electronic device.

DO YOU HAVE TO BE A COLLEGE OR UNIVERSITY STUDENT TO PARTICIPATE?

No, but you need to be a former or present student related to wildlife work, veterinary science, conservation, or wildlife management. We also take volunteers that want to change their career to a wildlife related occupation.

WILL I BE ABLE TO CONTACT MY FRIENDS AND FAMILY BACK HOME?

There is cell phone reception from most areas of Kenya. There is also complimentary Wi-fi at certain locations which is subject to availability depending on weather and electricity.

Purchasing a Safaricom SIM card with a data package upon arrival at the airport is recommended for your private communication.

WHERE DOES MY MONEY GO?

This program is 100% dependent on funding from volunteers. Your payment goes towards accommodation, 3 meals a day, fuel, driver's pay, equipment, and the cost of running one or two vehicles 13 hours a day.

WILL I BE ABLE TO TOUCH ANY ANIMALS?

As we are dealing with wild animals, you will not be able to touch any animals.

WILL I BE ABLE TO PURCHASE FOOD OR EAT FROM RESTAURANTS?

You will have the opportunity to purchase snacks and food while travelling through or visiting certain towns and while in Nairobi. You will also be able to visit restaurants while we are in Nairobi and Lake Naivasha. Once you reach Laikipia, there are no restaurants available or grocery stores close to your accommodation.

IS A VEGETARIAN OR VEGAN CHOICE AVAILABLE?

If you let us know once you are selected, we will accommodate your vegan or vegetarian meal request.

WHAT LEVEL OF ENGLISH IS REQUIRED?

It is an essential requirement that you have a good ability to speak and understand English. Your level of English must be adequate to understand oral information and instructions, write reports, communicate with other team members and professional staff, and handle any emergencies that could arise.

HOW DO I CHANGE MY MONEY TO LOCAL CURRENCY?

The Kenyan local currency is the Shilling. We recommend that you not carry a large amount of cash with you, and instead use a credit/debit card. Local money can be withdrawn from an ATM machine after arrival in Kenya.

I AM A WILDLIFE PHOTOGRAPHER. WILL I BE ABLE TO JOIN TO TAKE PHOTOGRAPHS ONLY?

No. We do not have space for anyone NOT involved in team member work and duties.

DO I NEED TO PURCHASE MEDICAL AND TRAVEL INSURANCE?

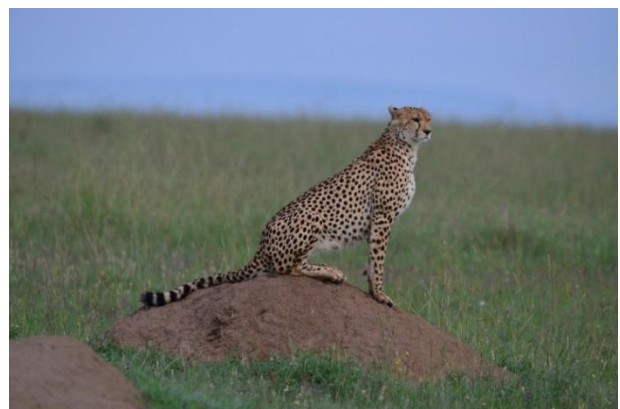

Yes, if selected, medical insurance and trip insurance is mandatory. We will provide you with a link to recommended coverage, or you may purchase your own.

WHAT HAPPENS IF I GET SICK?

If it is something minor such as a stomach upset, fever, cough and cold, you will receive medical assistance in camp. If it is something more than that, and a visit to the emergency room is needed, this is when your medical insurance kicks in.

DO YOU OFFER SCHOLARSHIPS?

Sorry, we do not offer scholarships, but on rare occasions third parties do offer small scholarships in the amount of \$100-\$150 to deserving applicants.

I WANT TO PARTICIPATE!

If you have read the information carefully, and think that you will be a suitable participant, be able to contribute to the program, and also be able to pay your \$700 deposit within 10 days of selection, we will confirm your participation.

To submit your application for selection, go to <https://form.jotform.com/262655608838167> and complete the online application.

If you have been selected, you will receive an e-mail stating that you have been selected or that your application is being held for further review. Due to the vast number of applications that will be received, we will not contact you if you are not selected. Please understand that we receive far more applications than we can accommodate, and only a select number of applicants will be selected for each month. It also helps to apply right away as your application will be reviewed in the order it is received.

PLEASE NOTE THAT APPLICATIONS WILL CLOSE ONCE 10 CANDIDATES HAVE BEEN SELECTED FOR EACH TEAM.
